Allotment garden award 2015

The allotment garden award is organised in Vienna since 1998.

On August 29th was so organised for the 15th time the remittance of the allotment garden award. Many very creative projects were sent in concerning the subject: “The garden clock – my garden all over the year”.

Additionally, there was this year a special category entitled: “My allotment all over the last 100 years”. Awards were also granted for this subject. This special category was initiated because the Austrian allotment federation will celebrate its centennial in 2016.

During the official ceremony in the festival hall of the Vienna Town hall many allotment gardeners could enjoy this celebration both from a culinary and musical point of view.

This year the guests could again try self-made products (marmalades, schnapps, liquors) offered by the women’s group of the Floridsdorf and Simmering allotment associations and many people used this delicious offer.

The winners of the allotment garden award are:

1. Place: Susanne Kristek, association Maulwurf
2. Place: Elisabeth & Martin Loidl, association Neue Wiese
2. Place: Brigitte Holub, association Rosental
3. Place: Martina Krüger, association Rosental
3. Place: Erna & Andreas Gadinger, association Rosenhügel
