

Switzerland: Year of the Garden 2016

Good news for amateur gardeners! During the “Year of the Garden 2016 – a Place to Meet” gardeners are honoured all over Switzerland during the whole year. This will take place during an important national campaign under the patronage of federal counsellor Alain BERSET.

The Swiss allotment gardeners will also participate. The preparation work has already begun.

For more information please check under www.gartenjahr2016.ch and in the Swiss allotment garden magazine Jardin Familial/Gartenfreund 11/2015
